

Ancient Paths Newsletter

Dear Friends, Prayer Warriors and Supporters:

I want to thank you for your support in birthing Restoring Nations International Ministry. It has taken off with a mighty roar of the Lion of Judah and I can hardly keep up with God at times, as He is moving very quickly these days. Its been tremendously rewarding to see what He has done in this very short period of time. I have seen the power of God increase amazingly in just the past five months and things manifest that we have long prayed for. He is so faithful to those who diligently seek Him and obey His voice.

God was preparing the way for 2007 when He sent me in November to preach revival at the Body of Christ Church in California. We saw miracles manifest right before our eyes and He orchestrated a powerful reconciliation between the Native people and a direct descendant of the Spanish Nobles that invaded the West Coast. It was such an amazing thing to witness because you could see the healing and restoration began immediately.

In October, the pastor of that church, Gabriel Ward and a delegation from his ministry attended our tribal Pow Wow here in Virginia and spoke at our church. The next day we went to Jamestown and made a covenant at the Eastern Gate that we would stand together to see this nation saved. I told him as he was leaving, to tell the tribes in the West to get prepared because they would be hearing from Spain for reconciliation. I had no idea that only a month later, God would fulfill that prophecy.

Also, we were discussing an upcoming revival being held on the White Earth Reservation in Minnesota this August at the headwaters of the Mississippi River, the Lord gave me a special word concerning it. He told me that the Mississippi River had been the dividing line between the tribes in the East, and the tribes in the West and that He was going to heal them. It was a powerful time and God is revealing more and more pieces of the puzzle each day as He connects each of us along His Ancient Paths. I have recently been invited to minister there with Myles Munroe and Kenneth Copeland.

Also, in November, I ministered at World Outreach Worship Center in Newport News, VA., with Jonathan Miracle and Broken Walls. It was dynamic and the power of the Holy Spirit fell mightily in both worship and the prophetic. God has given Pastor Bob Collins an anointing for sending out new ministries. WOW Center is a birthing ground for that work and many were birthed that weekend. Since Pastor Collins has agreed to host the Arise Mighty Warrior Conference and Revival, the anointing has increased there and it has taken his church to an entirely new level.

You can request copies of the DVD's at: [World Outreach Worship Center](#)

I received confirmation last week that the Chief Deputy to the Ambassador of the Kingdom of Spain will be joining us for the reconciliation with the tribes preparing the way for the Arise America event on June 9th at William & Mary Hall.

Please get the word out about the Conference to Indian Country. I believe God is calling the Native people to rise up in this hour because He has something very special for them.

In February, I spoke to a group of Native American pastors at Lake Junaluska, NC and it was clear to see that God had already been speaking to their hearts about the Native people being called out.

I taught on the significance of the 7th year of the millennium, our year of Jubilee and the significance it has for our people. I told them why God has called us out as the gatekeepers of the land to rise up and reconcile so that the land and people can be finally healed. We are preparing the Eastern Gate so that the glory of the Lord can come in. This is why the Arise Mighty Warrior is such an important step in this process and no one else can do it, its up to us. We must stand together as Native Americans to see the healing of our people and nation.

Also in February, I spoke at Jamestown Christian Fellowship in Williamsburg, VA. Pastors Wade and Lisa Trump are close friends and we are working together on the Arise Mighty Warrior Conference and the Arise America event on June 9th. It has been a true blessings to be connected with him and Lisa. They are precious people of God and have a heart for what God wants to do in this hour. The service was filled with reconciliation, honor and power as God is also taking them to the next level.

The following Sunday I was at Friendship Baptist Church in Hartfield, VA., with Pastor Walt McKibbon. It was an all day service and we saw the manifestation of healing take place right before our eyes as a result of reconciliation. I watched in amazement as God sovereignly moved through that place.

It has been a powerful few months and God is blessings through magnificent miracles. He is truly pouring out His spirit upon us in a brand new way. We look forward to participating in all the wonderful events God is putting together in 2007. I am still working on my website and will have some updates coming your way soon.

May the God of Abraham, Isaac, and Jacob bless, keep and protect you, in Jesus name!

Chief Anne
